CENTERED SPIRIT PROGRAM  
Policy and Procedure Manual**

**Section 5.3** **Grievance and Requests for Investigation for Persons Determined to have a Serious Mental Illness (SMI)**

- I. Statement of Purpose
- II. References
- III. Standards
- IV. Procedures
  - A. Filing grievances and requests for investigations
  - B. Grievance and request for investigation resolution process

**I. STATEMENT OF PURPOSE**

A grievance and request for investigation process has been established for persons determined to have a Serious Mental Illness who are enrolled in the ADHS/DBHS behavioral health system. The grievance and request for investigation process for persons determined to have a Serious Mental Illness focuses on situations in which:

- The rights of a person determined to have a Serious Mental Illness have been violated;
- The person has been abused or mistreated;
- There is a death of a person.

The intent of this section is to describe behavioral health provider responsibilities related to grievances and requests for investigations involving persons who have been determined to have a Serious Mental Illness.

### **III. STANDARDS**

This applies to all persons who have been determined to have a Serious Mental Illness and are enrolled in the ADHS/DBHS behavioral health system.

### **IV. PROCEDURES**

It is the CSP TRBHA's intent that the grievance and request for investigation process for persons determined to have a Serious Mental Illness must:

- Resolve in an expeditious and equitable manner any allegations that a rights violation or a condition requiring investigation has occurred with regard to persons determined to have a Serious Mental Illness;
- Maintain confidentiality and privacy of the grievance matters and records at all times;
- Take the necessary steps to protect the health, safety and security of any person determined to have a Serious Mental Illness, witness or individual filing the grievance;
- Communicate, as appropriate, timely information on matters and decisions related to the grievance and investigation to affected parties;
- Involve the active cooperation and participation as deemed appropriate of providers with a direct interest in the matter under review; and
- Serve as a means for identifying system deficiencies and developing corrective action plans to resolve any deficiencies identified.

#### **A. Filing grievances and requests for investigations**

A grievance or request for investigation may be submitted orally or in writing by a person determined to have a Serious Mental Illness who is enrolled with a T/RBHA or by any other concerned person in situations in which it is alleged that:

- A violation of the person's rights may have occurred; or
- A condition requiring investigation currently exists or has occurred.

If asked, a behavioral health provider must assist a person in initiating an oral or written grievance or request for investigation.

If a behavioral health provider has reason to believe that a rights violation or condition requiring investigation has occurred, they must ensure that a grievance or request for investigation is filed. When requested, failure of an employee or individual under

contract with a provider to file a grievance or request for investigation may be grounds for corrective action against the employee.

All grievances or requests for investigation must be:

- Submitted orally or in writing to Centered Spirit Program, 7490 S. Camino de Oeste, Tucson, AZ 86746.
- Reduced to writing on the ADHS/DBHS grievance or request for investigation form (see PM Form 5.3.1) by either the person filing the grievance or request for investigation or by the provider to whom the grievance or request for investigation is made.
- Filed orally or in writing within one year of the alleged rights violation or condition for investigation occurred.

### **B. Grievance and request for investigation resolution process**

The entity initially responsible for resolving grievances or requests for investigation differs depending on the nature of the grievance or request for investigation:

- Allegations of rights violations involving abuse or the death of a person determined to have a Serious Mental Illness are investigated by ADHS/DBHS; and
- Allegations of rights violations other than abuse or death are investigated by:
  1. The Arizona State Hospital if the violation occurred at the Hospital;
  2. The T/RBHA if the violation occurred at the RBHA or at one of its providers; or
  3. ADHS/DBHS if the violation occurred at the T/RBHA or at one of its providers.

The process for resolving grievances or requests for investigation may also vary in length; ranging from:

- Immediate disposition without investigation;
- An investigation and final decision;
- An administrative appeal; or
- An administrative hearing.

#### How is time computed?

When computing any period of time associated with this process:

- The period begins the day after the act, event or decision occurs and includes all calendar days and the final day of the period. If the final day of the period is a weekend or legal holiday, the period is extended until the end of the next day that is not a weekend or a legal holiday;
- If the period of time is not designated as calendar days and is less than 11 days, then intermediate Saturdays, Sundays and legal holidays must not be included in the computation.

#### What are the responsibilities of a behavioral health provider?

Behavioral health providers are not directly responsible for the resolution of the grievance or request for investigation, but are required to actively participate in the process as follows:

- Cooperate in the investigation by participating in any private face-to-face interviews the investigator requests. Failure to cooperate may lead to corrective action;
- Provide information requested by the T/RBHA or ADHS/DBHS designated investigator;
- Continue to cooperate and participate as necessary in any subsequent appeal proceedings relating to the grievance or request for investigation; and
- Implement any immediate, reasonable action required to protect the health and safety of any person determined to have a serious mental illness or involved staff.
