Cancer Prevention

We can help you prevent cancer by:

- Providing information about your cancer risk.
- Providing information about healthy life style changes for cancer prevention
- Helping you arrange for Cancer Screenings
 - Escorting you to appointments

Early Diagnosis Means early treatment, which improves chances for complete recovery

The Pascua Health Department mission is to promote the highest possible standard for health and well-being of tribal members and their families within the Yoeme communities.

Our program services clients from newborn to elders. We provide a wide variety of services that include: home visits, medication assistance, escorts to provider visits, prevention, management and education of disease processes and much more.

We strive to ensure every client is our top priority.

Cancer Treatment

We can help you navigate the new, overwhelming world of cancer care by:

- Providing you with information about your diagnosis.
- Co-coordinating care among various Doctors, Clinics and appointments.
- Helping you prepare for your doctor appointments
- Escorting you to your appointments to help you plan your care.
- Finding resources to support you and your family
