# Free Eye Clinic

The Patterson Foundation for Education is a non-profit that was founded by the Patterson Family and is supported by Patterson Enterprises, Inc. The goal of the foundation is to help communities by helping to provide the tools they need to be successful. Education is the foundation upon which any successful society is predicated. The mission of The Patterson Foundation for Education is to strengthen this foundation in its own community and throughout the world.

## One Sight Team

One Sight is an independent nonprofit providing access to quality vision care and glasses in underserved communities worldwide. One Sight is committed to eradicating the global vision care crisis that affects more than 1.1 billion people, many of whom could have their vision restored with an eye exam and a pair of glasses.

Since 1988, One Sight has partnered with local health organizations, governments, school districts, industry leaders, doctors and volunteers to help more than 9 million people in 41 countries. Their specialized expertise has allowed One Sight to create sustainable and charitable access to quality vision care and eyewear. Our One Sight representative is Joy Perluisi. You can learn more about One Sight at [www.onesight.org](http://www.onesight.org).

## Clinic Information

We are pleased to announce that the Patterson Foundation has teamed with One Sight to provide an eye clinic that will provide eye exams and glasses to children and adults. We are extremely grateful to the Pascua Yaqui Health Services Division for helping us by providing a location to hold the clinic.

**The March 9-13th Clinic has been postponed. New dates will be posted once notified.**
