

**Would you like to
receive a phone
call when your
prescription(s)
are ready?**

Ask an El Rio Pharmacy staff member how you can enroll

In our

NEW Automated Phone Call system.

All we need is an updated phone number

(520) XXX - XXXX

Benefits for you:

1. You will be called as soon as your prescription(s) are ready instead of relying on the wait time we provide you. In many cases, this may be earlier than the promised time.
2. Phone call reminders are a great way to help you remember to pick up your medications before they are returned to stock in seven (7) days, avoiding the need to refill and wait again.
3. Reminders are helpful to notify you when we receive approvals you may have been waiting for by either your doctor and/or your insurance plan.
4. Reminders help you to keep track of your medications to avoid running out of them. Please ask if you're eligible for auto-refill on medications so that you don't have to call in your refills each time.
